

Why use Intellect Enterprises?

Why use Intellect Enterprises?

Intellect Enterprises is owned by Intellect, the UK's leading trade body for the software and IT services industry, collectively we have been offering software escrow to the industry for over 30 years.

- High quality, watertight contracts written by our legal partner Beachcroft LLP who have particular expertise in this niche area of technology law, ensuring that our contracts are well constructed and updated frequently. We are one of the few escrow agents to make our contracts publically available.

- We give our customers greater flexibility by allowing customisation of contracts at no extra cost. Our Flexible Terms of Business allow parties, to choose from a pick list of pre-written clauses incorporating a range of additional release events and licence rights if required.

- Because Intellect Enterprises is owned by Intellect, we are uniquely positioned to offer a high quality service at the lowest cost in the marketplace.

- We have 30 years experience in delivering software escrow solutions and we do not answer to shareholders, ensuring reliability and independence.

- We work with the leading data storage and records management organisations operating in the UK, offering you security and peace of mind. For customers that require it, "two site" storage is available.

- We will process all orders within three days allowing you to put Contracts in place quickly and effectively.

Testimonials

“In addition to the many other benefits we get from our membership Intellect's Escrow service has proved to be a cost effective and easy to use process which has more than met both ours and our customer's expectations. I would strongly recommend the service to other SMEs and the cost savings involved, compared to other solutions, will on their own go a long way to paying back the membership fees.”
